

Competence Center for Immigrants

2015

The Competence Center for Immigrants CCI (Kompetansesenter for Innvandrere in Norwegian) has since 2010 been operated by Chinese Professionals in Norway (CPN), with the financial support from The Directorate of Integration and Diversity (IMDi). The aim of this center is to offer practical information and contact opportunities to the new immigrants and help them quickly adapt to the working environment and Norwegian society. The main target group of CCI is new labor migrants and their family members.

The activities of CCI for 2015 include seminars, workshops, and information brochures. The competence center has a website www.workinginnorway.no, which provides relevant information, forums, online service about entrepreneurship, and answers to 'frequently asked questions' about working and living in Norway. It also announces upcoming seminars and social gatherings. All services and activities are free of charge for new immigrants. Anyone can open an account with the center to receive information about activities at: <http://www.workinginnorway.no/user/register>.

Planned activities in 2015 ([more detailed info at www.workinginnorway.no](http://www.workinginnorway.no))

Seminar 1: The Norwegian Law of Working Environments, 16 June.

Seminar 2: Job searching and the Norwegian Law of Labor, September

2-Day Workshop: Entrepreneurship including lectures, Q&A sessions, and individual guidance, October/November

About CPN

Chinese Professionals in Norway (CPN, www.cpn2003.no) is a non-profit and non-political immigrant organization. All of CPN's registered 700+ members hold at least one higher-education degree (PhD/Master/Bachelor). Members of CPN can be found in any workingbranch of Norway, giving CPN a unique network of knowledge and contacts.
