Candidate

Name: Xinli Wang

Sex: Female

Degree/Major/University: PhD Computer Science

Working organization/Title: Telenor Norway/IT architect

Experience in social work including contribution to CPN:

I have been a CPN board member for CPN since it was established in 2003. I am currently the president of the organization.

I am also a board member in NITO Telenor Norway.

Why do you want to serve to CPN as a board member?

I think it is important for the high-educated Chinese professionals to have their own organization in Norway. By this way, we can help each other and strengthen the network between Chinese people here. I would like to work continually for CPN in a new team. Let newcomers feel home at CPN, let senior members enjoy the activities, and let Chinese be more visible and put positive impacts on Norwegian society.
